

JOINING S3

HOW TO DO BUSINESS WITH S3

AT STENNIS SPACE CENTER AND MICHLOUD ASSEMBLY FACILITY

A JOINT VENTURE S3 PARTNERSHIP

Syncom Space Services, LLC (S3) is a joint venture between PAE and BWXT, created to serve as the prime contractor to NASA under the SACOM operations and maintenance contract at Stennis Space Center in Mississippi and the Michoud Assembly Facility in Louisiana. Under SACOM, S3 serves NASA and the various resident agencies located at both NASA Centers.

RESPONSIBILITY TO SMALL BUSINESSES

OUR POLICY

Promote maximum participation of small businesses in supplying materials and services required at our two centers of operation.

OUR COMMITMENT

Provide mutually beneficial subcontracting opportunities to small businesses in a competitive and fair environment.

BENEFITS OF COLLABORATING WITH SMALL BUSINESSES

1

Small businesses in the local communities provide **unique perspective and capabilities.**

2

A diverse set of partners results in **innovation and creative solutions.**

3

Small businesses represent an important component of the **vision for U.S. government customers.**
